Dear Dr. Shin,

accept, please, my wishes for the New Year.

Many new successes in your profession and the best in your life with everything you enjoy.

Also some new songs if you wish.

I have listened to these ones of the CD you have given to me and I must state that it is a good and pleasant music. You have a natural feeling for the song genre in a slightly romantic way and romanticism is - at least for me - the very king among the songs.

I am sure that this your achievement fully corresponds to the aims you have reserved for the spiritual area that is the important foundation - in this point we are certainly at one - of all human life.

Sincerely
